THE HISTORY OF NORDBRIDGE AMERICA

BUILDING BRIDGES ACROSS OCEANS, COMMUNITIES, AND LIVES

EVERY GREAT ORGANIZATION BEGINS WITH A STORY.

For NordBridge America, that story began thousands of miles apart.

One journey started in a small town in **Sweden**, where the values of community, compassion, and helping neighbors were woven into everyday life. The other began in **Richmond, Virginia**, where resilience, determination, and a deep desire to make a difference shaped a vision for serving others.

ALTHOUGH SEPARATED BY CONTINENTS, CULTURES,

AND LIFE EXPERIENCES, two people shared something far more powerful than geography—they shared a belief that communities are strongest when people come together.

WHEN THOSE TWO JOURNEYS CROSSED PATHS, they inspired

a **single purpose**: to create an organization that connects people, resources, and opportunities in ways that strengthen lives and bring communities closer together.

THAT VISION BECAME NORDBRIDGE AMERICA.

The name "NordBridge" reflects both our heritage and our purpose. "Nord" honors Scandinavian roots, while "Bridge" represents our commitment to connecting people, organizations, businesses, and communities through compassion, collaboration, and service. Together, the name symbolizes our belief that meaningful change happens when we build bridges instead of barriers.

NORDBRIDGE AMERICA WAS FOUNDED ON THE PRINCIPLE

that lasting impact is created through partnership. Whether working alongside individuals, families, licensed group homes, businesses, nonprofit organizations, first responders, healthcare providers, educators, or community leaders, we believe every relationship has the potential to strengthen a community.

WHAT BEGAN AS A SHARED VISION

has grown into a commitment to developing innovative programs that connect essential resources with those who need them most. From the Care Pack Project to future community initiatives, every program reflects our dedication to creating practical solutions that improve lives while encouraging collaboration across every sector of the community.

TODAY, NORDBRIDGE AMERICA CONTINUES TO GROW WITH ONE GUIDING BELIEF:

Communities become stronger when people choose to serve one another.

Every partnership we establish, every volunteer who joins our mission, every donor who places their trust in us, and every individual we have the privilege to serve becomes part of a larger story—a story built on hope, opportunity, and connection.

“Our history is not measured by how far we have come, but by the bridges we continue to build and the lives we have the opportunity to touch along the way.”

As we look toward the future, our mission remains clear. We are committed to building lasting partnerships, embracing innovative solutions, and creating opportunities that strengthen communities for generations to come.

TOGETHER, WE ARE BUILDING A FUTURE WHERE COMMUNITIES ARE MORE CONNECTED, PARTNERSHIPS ARE STRONGER, AND EVERY ACT OF SERVICE CREATES THE OPPORTUNITY FOR SOMEONE TO THRIVE.
